Dean,

I have attached a letter of interest and a resume. I am not sure if you really need the resume. If the resume is not needed I would appreciate it being kept confidential.

I understand my information has come to your desk after the March 1 deadline. I still have not spoken to Rob about the open position on the board. I did appreciate your time this week to discuss the job and would like to discuss the opening further.

I look forward to talking with you more.

Jim
